Good Auditing Practices 101  
Electronic Compliance 101  
Quality Systems 101**

*Good Manufacturing Practice • Training and Education*

# The Food and Drug industry compliance standards are constantly changing...

and, at GXP Academy we provide the insight and training to help your company meet and exceed the quality and regulatory standards and requirements.

GXP Academy is comprised of only the best training Consultants in the GXP regulated industry working under one standard. With over 50 years of combined industry experience, GXP Academy provides the knowledgeable industry experience and FDA insight that your company deserves.

## ***Offering both on-site and off-site Training services to meet your specific needs and time frames.***

GMP Publications, Inc. the leader in GMP Compliance Regulations has teamed up with GXP Academy in providing GXP on-site training, resource materials, capabilities and development for companies of every size.

The Partnership builds upon GMP Publications understanding of Global Regulations and GXP Academy's in-the-field experience and knowledge.

The new partnership 'GXP Academy' is committed to your company's training success.

Compliance is more than owning a copy of the regulations. It is imperative that employees understand the applicability and know how to conduct business in accordance with the GXPs in accordance with the regulations.

Each employee receives the copies of the regulations; however, understanding the applicability to employee's day-to-day job is difficult and sometimes confusing.

GMP Publications, Inc. understands the global regulations and offers up-to-date solutions and creative ways of delivery along with detailed common sense approaches to training and development.

GXP Academy offers pre-defined and customized courses to suit all industries and disciplines under various regulation requirements.

Courses are conducted for up to 20 employees.

Additional attendees are available at an extra cost of \$150.00 per attendee.

## **Standard 2 day: On-site All Inclusive Seminar (\$6,995.00)**

Includes:

- Hotel and Airfare Included (Continental US only)
- 20 Copies 21 CFR GMP Mini-Handbooks
- Audit Check List (published by GMP Publications, Inc.)
- Course Material Binders for each employee with Certificate of completion
